

BE PART OF THE ADMISSION WORLD EDU FAIR 24

Are you ready to explore the world while enhancing your education & career prospects?

Join us at this year's Edu Fair in Accra with the theme

***“Discovering life-changing
Study abroad Opportunities
for your career”***

and meet with university representatives from
Canada, USA, UK, Europe, Malaysia, Russia and Cyprus.

Our Educational fairs, where learning meets opportunity; are designed to connect students, parents, and educators with a wide range of educational institutions and resources.

Whether you're exploring options for High school or higher education; or seeking professional development, or better still looking for the best schools for your children, our fairs offer something for you.

We provide students with direct access to information from top universities and personalized guidance to help them make informed decisions. They can explore diverse educational opportunities, learn about scholarships, and be presented with career planning workshop sessions during the fair.

Our Networking opportunities allow students to connect with peers, educators, and professionals while our Virtual campus tour presentations and live Q&A sessions during our fair offer a comprehensive understanding of different institutions; helping students gain cultural insights to prepare for their studying abroad journey.

Join us this year on the 23rd of November, 2024 and take the first step towards a brighter future.
